CAT6A MODULAR JACK RJ45

Article number: 800412

02-10-2026

Description

FULLY SHIELDED

Application:

The 800412 is a CAT6A Fully Shielded toolless RJ45 modular jack answering to the CAT6A performances and supporting 10 Gbps

Characteristics:

- Toolless termination through a wiring cap equipped with a separator in order to facilitate the wire management and to reduce the unsplitting length
- Component certified according to the standard ISO11801 Am d2.2
- 360° shielding: direct contact with the cable shield thanks to an adjustable flange
- Very compact connector with a depth of 28.25mm: compatible with a big part of the faceplates and wall boxes
- Optimized printed circuit to improve high frequencies crosstalk performance
- Equipped with a translucent wire cap to allow an easy visual inspection
- Keystone type
- Two wings linked to the connector's body (no loose part) offer a simple and easy locking system
- Dust shutter (optional) available in different color (green, red, yellow, blue and white)

Construction characteristics

Model	Bus (jack)
Type	RJ45 8(8)
Screened	Yes
Category	6A (IEC)
Connection type	Insulation displacement
Tool-less	Yes
Colour	Grey
Type of connector	RJ45 8(8)

Properties

Suitable for round cable	Yes
Suitable for flat cable	No
Suitable for litz wire conductor	Yes
Suitable for solid conductors	Yes
Special tool necessary	No
